SUSTAINABILITY TIMELINE ONE STEP AHEAD

CERTIFICATION RSPO CERTIFICATES FROM OLENEX

The Roundtable on Sustainable Palm Oil (RSPO) has developed a set of environmental and social criteria which companies must comply with to produce and process **Certified Sustainable Palm Oil (CSPO)**. When properly applied, these criteria minimize the negative impact of palm oil cultivation on the environment and communities in palm oil-producing regions. **Olenex** supplies certified palm oil product from two RSPO supply chain models.

SEGREGATED (SG) Throughout the supply chain, certified palm oil is kept separate from non-RSPO certified or conventional.

MASS BALANCE (MB) In this supply chain, certified palm oil is mixed with traditional palm oil.
